Policy Owner	Version	Effective Date	Last Updated
Investment Committee	1.2	2026-01-01	2026-10-08

1. PURPOSE AND SCOPE
This policy establishes delegation-of-authority limits and approval workflows for operating expenses and capital expenditures across all Revantage Europe properties.

1.1 Scope
This policy applies to all employees, contractors, and external service providers billing to property-owning SPVs.

2. APPROVAL AUTHORITY
Approval authority for expenses is delegated based on amount (converted to EUR at ECB reference rate on invoice date) and expense type:

2.1 Delegation Table
- €0.01 to €5,000: Property Manager approval
- €5,000.01 to €25,000: Asset Manager approval
- €25,000.01 to €50,000: Head of Asset Management approval
- €50,000.01+: Co-signature of CFO and Asset Management Director (two signatories, never the same person)
- >€500,000: Additional approval required from Investment Committee

2.2 Multi-Currency Conversion
For invoices in foreign currencies (USD, GBP, etc.), amounts must be converted to EUR using the ECB reference rate on the invoice date. Approval threshold is determined by the EUR-converted amount.

2.3 Prohibition on Invoice Splitting
Deliberately splitting a single obligation into multiple invoices to avoid approval thresholds is strictly prohibited. Finance will flag and reject suspicious split invoices.

2.4 Capital Expenditure Classification
Capital expenditure must also follow the Capital Expenditure Guidelines; an item approved under this policy is not thereby classified as OpEx. Classification is determined per the CapEx criteria (replacement/improvement, >€25,000, useful life >3 years).

3. AUTHORIZATION REQUIREMENTS
- Two signatories for expenses >€50,000 must be independent (different roles, different individuals).
- All digital signatures must follow Revantage's document control procedures.
- Supporting documentation (quotes, scope of work, business rationale) must accompany all approvals.

4. FINANCE OVERSIGHT
Finance (Group Finance) retains the right to audit, challenge, and reject any approval where procedures were not followed.
